Stress & Air Pollution

We live in a stressful world. Stress is the additive in our lives that can make us miserable and cause our health to take a turn for the worst. What causes your stress? Maybe it's exposure to violence in the neighborhood or something simple like getting stuck in traffic or working near a noisy traffic polluted area. Chronic exposure to stress has long been thought to influence disease risk. And, exposure to air pollution is suggested to influence susceptibility to airway disease when stress is perceived.

A Worldwide Leader in Specialty Medical Testing

USBioTek Laboratories holds more than 30 years of medical testing experience and are pioneers in enzyme-linked immunosorbent assay (ELISA) methodology.

We've become the trusted name in today's leading-edge immunoassay technology.

Fully automated robotic systems form the framework of our state-of-the-art, **high-performance ELISA platform** that's built on the foundational work of a world class team of scientists and technicians. For precision, every analyte tested for immunoassay is run in complete duplicate resulting in consistently reproducible

- **Brief: Stress, Depression and Biomarkers of Allostatic Load**
- **The Senate Meets to Examine Risks of Toxic Chemicals to Children's Health**
- **US BioTek Laboratories Ranks First in Swedish Analysis**

Available now:

- **Newsletters (Spring 2010)**
- **Your Report On-Line**
- **Painkiller Antibody Panel**
- **Urinary Hormone Profile**
- **IgA Antibody Testing**

Events

We will be exhibiting at:

- **Anti-Aging Medicine**
December 9-11, 2010
- **PAAS**
March 17-20, 2011

results.

Fully licensed and accredited, our success comes from **our strong commitment and dedication to assuring quality: cornerstones that guarantee your peace of mind with our sound testing solutions.**

Innovative and effective, **USBioTek Laboratories was the first in the industry to use whole blood specimens collected with a finger stick and urine specimens collected with a Dip N' Dry absorbent swab.** These methods are elegantly simple to use and available for many of our panels. They also provide **superior specimen integrity** and may be **safely shipped at room temperature without compromise.**

Rebuilding Health through Innovative Testing is our guiding principle at USBioTek Laboratories,

whether it's identifying inflammation in the body or helping pinpoint nutritional deficiencies, environmental toxicities, or food allergies and sensitivities. We are proud to offer our services to you and your patients in health!

Hormone Testing
